FRALEIGH-LINES-SHELFER COMPANY.

### RUN-OVER LOCALS.

Mrs. Jimmie Crawford arrived from Thomasville yesterday and has taken charge of the W. U. telegraph office.

Walter Patterson has resigned his position as operator in the telegraph office here, effective today, and will reappear during this month in preparation for the school term which begins in September.

The reception tendered the members of the Keworth League by Miss Josie McDougal at the home of her sister, Mrs. O. Sanders, last Friday evening was an occasion of great pleasure to the merry throng of young people who gathered at the invitation. A pleasing program of readings, recitations and music was rendered after which delightful refreshments of ice cream and cake were served. All present voted Miss Josie a splendid hostess.

Do you really enjoy what you eat? Does your food taste good? Do you feel hungry and want more? Or, do you have a heavy, dull feeling after meals, sour stomach, belching, gas on the stomach, bad breath, indigestion and dyspepsia? If so, you should take a little Kodol after each meal. Kodol will nourish and strengthen your digestive organs and furnish the natural digestive juices for your stomach. It will make you well. It will make your food do you good. Turn your food into good, rich blood. Kodol digests what you eat. Sold by W. B. Davis.

The Fraleigh-Smith Co. has harvested its crop of tobacco and shipped the greater part of it to Quincy where it will go through the packing house. H. M. Taylor is rapidly gathering his crop having already dried one big barn and is now well started on filling another barn. As we have before said, the culture of tobacco in this county has proven a splendid success. It can be raised in quantities and the quality is all right. What we need for another year is increased acreage and the erection of a packing house in town for the handling of the crop. The packing house is bound to come sooner or later, we think "sooner."

Daniel Hiers, the negro who escaped from the county jail last week, did not enjoy his liberty for very long. Sheriff Stanton sent out notices of the escape with a description of the negro by the mails of Monday and on Thursday he received notification from the Sheriff of Suwannee county to come for his man. Mr. Stanton went to Live Oak and found his man safely confined in the county jail there. He was captured at Hildreth in Suwannee county. Sheriff Stanton brought his man back to Madison and he is again confined in the county jail, and the sheriff says he don't think he will escape again soon.

In the account of the jail delivery in these columns last week we unintentionally did one of the prisoners an injustice. It was due to the efforts of the prisoner Peter Strawder that the breaking was discovered and the escape of all the prisoners prevented. As soon as Peter had crawled through the hole in the wall he began to call for Butler Horton, the jailer, and put him on notice of the attempted escape. Strawder did not attempt to escape but instead succeeded in arousing the jailer and thus prevented the escape of all the prisoners. Strawder is in jail on a charge of murder and his action on this occasion should operate in his favor when he is brought to trial.

Mr. and Mrs. Edward Anderson of Dannelton are visiting Archer Smith at his country home.

Quite a serious wreck—but without fatalities—occurred on the Valdosta Southern last Saturday. The train which left here in the early morning in charge of acting conductor Carroll had reached the trestle which spans the Withlacoochee river just this side of Olympia, and the engine had passed over it leaving the passenger cars on the trestle, when the axle of the engine pony truck broke and threw the engine and tender from the track and down the embankment. It was marvelous that the engineer and fireman were not killed outright, but they both escaped almost without injury. The road was badly blocked and there was no return train from Valdosta until about nine o'clock Saturday night.

One of the most delightful social affairs of the season was a watermelon cutting given by the Misses Lilla and Ella Armstrong at their country home, "The Pines," on Thursday afternoon of last week in honor of Mrs. E. O. Stanford of Valdosta. The crowd was received at the house and after several piano solos rendered by Misses Agnes Parramore and Ruby Drew, all were invited out on the lawn where some very fine melons were cut and thoroughly enjoyed. Those present were Misses Agnes Parramore, May Vann, Ruby Drew, Lilla Tucker, Lilla Hardee, Clara Coggins, S. A. Randall, Edith Taylor, Berta Johnson, Maggie Mae Perry and Johnnie Rutland of Tallahassee, and Mesdames John T. Vann, M. N. Drew, Lamar Moore.

### Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." D. G. Smith.

Orange county is next in line for a wet and dry campaign. The county commissioners are to be petitioned to call an election at an early date.

### HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy—Sam H. Gwin, Concord, Ga. For sale by D. G. Smith.

### Should Attend Meetings Regularly.

Mr. Epiton:—If you will be kind enough to allow me a space in paper I will try to write a few lines from Carrabelle local union of the Farmers' Educational Co-operative Union of America.

We have thirty paid-up male members and several female members. We intend in our local to take stock to help pay for a gin out fit. Only a few have raised \$75.00 and we hope to make it more at our next regular meeting.

We are poor farmers in this section, but thank God we are willing to do all we can for the good of the union and that is all that can be expected of us, as the old saying is: "We are little but God help us to be loud, we are poor but we are proud that we are Union men."

Say, brethren, please attend your meetings regularly. Don't stay out and say, "well they can do without me," but go to your meetings and see if they feed you, also attend your county meetings; it will do you good to be there every time. Let us meet together and talk with each other. We will love our members and cause them to love us. Let us not neglect our duty for we have got a hard battle to fight, but we believe that we will win the victory some day. All we want is our rights and I hope and trust by the help of God we will get them. Brethren, don't be selfish; give your time and talent to the cause that has done so much for us and in the future, the past is not a comparison.

Brethren, just by being united in a way that we can share each other's blessings and misfortunes it will only be a few short years before we can say truly, "The good Lord has led us into green pastures and beside the still waters, and here we will fear no evil."

Hurrah for the Union!

H. B. G.

### Hay Fever and Summer Colds.

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and opens the inflamed air passages, and even if it should fail to cure you it will give instant relief. The genuine is in a yellow package. D. G. Smith.

The county commissioners of Duval county have decided to build a bridge across McGirt's creek on the road to Ortega. It will cost about \$32,000.

### What a New Jersey Editor Says.

M. F. Lynch, Editor of the Philadelphia N. J. Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." D. G. Smith.

An exchange says, if the prohibition bill becomes a law in Georgia it is probable the big plants of the Acme Brewing Company and the Swift Creek Distilling Company will be moved to Jacksonville.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can any one do. D. G. Smith.

Over 1,000 orange trees were set out in the vicinity of San Mateo last week.

### Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by D. G. Smith.

News from Mexico City is to the effect that there will be a general war in Central America in the next fifteen days, due to the ambition of Zelaya and Cabrera for predominance.

**CHAMBERLAIN'S**  
COLIC, CHOLERA AND  
**DIARRHOEA**  
REMEDY

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take. Every man of family should keep this remedy in his home. Buy it now. PRICE, 25c. LARGE SIZE, 50c.

**DeWitt's Witch Salve**  
For Piles, Burns, Sores.
